

Aquaculture

AQUAFORM

The sustainable growth promoter.

Growing awareness from consumers and producers of aquaculture species has resulted in calls for responsible and sustainable aquaculture world-wide. Public opinion and regulatory authorities in most export countries focus now on the misuse of antibiotics in aquaculture and public attention has shifted towards sustainable production methods.

In order to fulfil such challenging demands ADDCON has developed a sustainable, non-antibiotic growth promoting feed additive for modern aquaculture – AQUAFORM

AQUAFORM is the effective solution for:

- significantly increased growth
- improved feed conversion, in order to save feed costs
- strong antimicrobial effects help to mitigate the impact of bacterial infections
- high survival rates

AQUAFORM fulfils tomorrow's requirements today.

More performance in aquaculture!

• increasing growth

• saving feed costs

• strong antimicrobial effects

• high survival

AQUAFORM is safe and sustainable and has no residues! It is patented and contains EU-approved ingredients (E 237a).

Table 1: Performance parameters of tilapia fed with or without different dosages of AQUAFORM during Vibrio-challenge

	Control	2 kg / t AQUAFORM	3 kg / t AQUAFORM	5 kg / t AQUAFORM
Final weight (g)	218 ^a	258 ^c	246 ^b	252 ^{bc}
FCR	1.34 ^b	1.23 ^a	1.25 ^a	1.22 ^{bc}
Mortality (%)	33.0 ^c	20.8 ^b	18.4 ^b	11.0 ^a

Ramli et al., 2005

Table 2: Performance parameters of Pangasius fed with or without AQUAFORM

	Control	2 kg/t AQUAFORM
Weight gain (g)	842	1032
FCR	1.3	1.2
Mortality (%)	20.0	15.0

Kühlmann and Lückstädt, 2011

Table 3: Performance parameters of juvenile Vannamei shrimp fed with or without AQUAFORM

	Control	2 kg/t AQUAFORM	5 kg/t AQUAFORM
Weight gain (g)	8.6	9.4	9.4
FCR	1.47	1.37	1.37
Mortality (%)	23.9	23.9	19.4

Jintasataporn et al., 2011

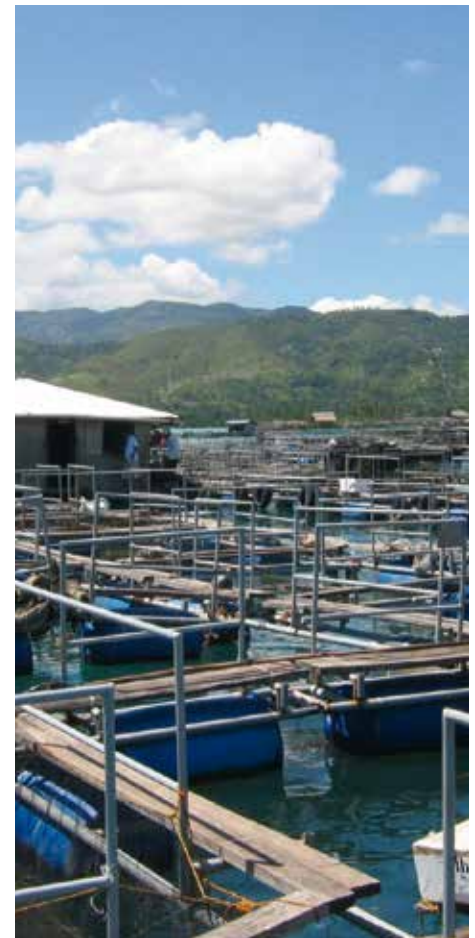

Technical Data

Dosages:

2 - 5 kg / t of feed,
depending on farm conditions

Storage and shelf life:

AQUAFORM is stored in 25 kg bags
with a 12 months shelf life

We are certified to:

- ISO 9001:2000
- GMP+
- FAMI-QS
- QS
